Tenancy Support

The main objective of our tenancy support service is to provide a high quality housing support service which ensures that, if you encounter any tenancy related problems, we can support you to overcome these and continue to be a tenant with ARK.

How can we help you?

We can support you by:

- assisting you to settle into your new home;
- providing advice and assistance with benefits;
- ensuring repairs are carried out where necessary;
- providing help to check the safety of your home;
- giving you advice and assistance with budgeting;
- advising and assisting you to be a good neighbour;

Before you contact us, have a look at the Tenants Handbook and see if you can get the answer from this. It aims to be an easy-to-read guide to the main services that ARK provides and can be found here.

Ark splits the tenancies into 3 areas. The Housing Services Officers (HSO's) provide tenancy support to tenants where needed. This may be in relation to rent payments and difficulties, neighbour problems, changes in employment/welfare benefits, tenant participation and involvement. They each cover specific geographical area, noted below along with their contact details.
