1.0 Arks Values

Ark's values are true to the core purpose of the organisation and the services we deliver. They determine our behaviours towards one another and what we should expect in our relationships with one another. Working within the following values will guide and help us deliver our vision and mission of Ark being an organisation where everyone is equal:

Trust

We have confidence in our people to deliver excellent services and trust in them to do so. We will develop trusting and honest relationships and our customers will feel assured that they can rely on us to deliver.

Respect

We treat everyone fairly and we listen. We are respectful of each person with whom we come into contact and expect our people to respond professionally and treat others as they would wish to be treated.

Understanding

We will operate with empathy and compassion and approach each situation with an open mind. We will question and challenge to ensure we achieve the right outcomes for customers and our people.

Equality

We believe everyone is equal and expect our people to create positive experiences where everyone feels valued and included.

Integrity

We will do the right thing and take responsibility for our actions

2.0 Purpose

This policy and associated procedure explains how Ark will support individuals with medication. This includes assessing the level of support required, providing that support, and ensuring the accurate recording and storage of medication.

3.0 Policy Statement

Ark will provide support with medication while ensuring that individuals are able to exercise their right to make choices and live independently as far as they are able. This means that providing the minimum amount of staff involvement according to the individual's needs and level of understanding.

Ark Care & Support services will seek to provide the maximum amount of choice and control to the individual, while minimising the risks to the individual, their staff and the organisation by using robust Good Life Support Plans/Risk and Vulnerability (R&V); see **CS02 Care planning**

Ark Care & Support staff may only be involved in the management of medication, including any invasive procedure or administration of controlled drugs, with the consent of the individual or their legal representative. This would be documented in the medication section on AIMS.

4.0 Scope

This policy and associated procedure applies to all Care & Support teams. It includes relief staff, agency staff, volunteers and students undertaking direct practice with supported people on behalf of Ark.

5.0 Legal/Regulatory Framework

This policy and associated procedures are written with regard to the following:

- Adults with Incapacity (Scotland) Act 2000
- Mental Health (Care & Treatment)(Scotland) Act 2003
- Adult Support and Protection (Scotland) Act 2007
- Human Rights Act 1998
- Equality Act 2000
- Duty of Candour Procedure (Scotland) Regulations 2018
- Health and Social Care Standards (Scottish Government, 2017)
- Codes of Practice for Social Services Workers and Employers (SSSC, 2016)

This policy and associated procedure also complies with current best practice as defined in:

- 'Prompting, assisting and administration of medication in a care setting: guidance for professionals' (Care Inspectorate, 2015)
- 'Professional guidance on the safe and secure handling of medicines' (Royal Pharmaceutical Society, 2018)

6.0 Responsibilities

6.1 Board of Management

Ark's Board of Management is responsible for consideration and approval of this policy, and for ensuring that its decisions are taken in accordance with relevant legislation, regulatory expectations, training and guidance.

6.2 Executive Team

Ark's Executive Team is responsible for ensuring that this policy is reviewed in accordance with Ark's schedule for review of policies, or sooner if required. The Executive Team is responsible for ensuring that its decisions, and that the decision of officers, are taken in accordance with relevant legislation, regulatory expectations, training and guidance.

6.3 Operational Management Team

Ark's Operational Management Team is responsible for review of the policy, and for ensuring that its decisions, and that the decision of officers, are taken in accordance with relevant legislation, regulatory expectations, training and guidance.

6.4 Managers

Ark Care & Support Managers and Operations Managers will be responsible for the effective implementation of this policy within their area of responsibility. They must also ensure that all Care & Support staff are made aware of this policy and participate in relevant training.

6.5 All Staff

All Ark Care & Support staff are required to familiarise themselves with this policy and comply with its provisions as well as undertake any training required as part of this policy or associated procedures.

All Care & Support staff must report immediately any medication discrepancies to the Care & Support Manager/Operations Manager.

6.6 Third Parties

All relief and agency staff, volunteers and students undertaking Care & Support duties are required to familiarise themselves with this policy and comply with its provisions.

Ark will ensure that the Public Sector Equality Duty is complied with when third parties, such as contractors, are carrying out functions on behalf of Ark.

7.0 Medication

Support with medication can range from limited involvement where the individual is able to manage their own medication and had chosen to do so, to full support and management of medication where the individual has been assessed as lacking capacity to do so (see: **Adults with Incapacity (Scotland) Act 2000**).

Any risks involved in the management of an individual's medication must be identified in their Good Life Support Plan/Risk and Vulnerability. This information is held electronically on AIMS (Ark Information Management System) and are subject to regular review to ensure accuracy with the supported person's current abilities and needs.

All records relating to medication will be kept for the duration of the service, and for at least 3 years after the service ends. See: **G17 Retention of Documents**. Ark will provide training and learning to Care & Support staff to undertake these assessments and plans, provide the level of support required, and support the individual to develop their skills, ability and confidence in handling their medication. Care & Support staff will only support people with medication or any invasive procedure after successful completion of appropriate training.

When Care & Support staff members are involved in assisting with medication, Ark will ensure that:

- Only medication prescribed by the individual's GP or certified medical professional is used, and is administered as prescribed.
- Any 'household remedies' used for the immediate relief of symptoms have been selected by the individual's GP or pharmacist and are recorded in the Good Life Support Plan/Risk and Vulnerability.
- Clear and comprehensive procedures are implemented for ordering and administering of regular and 'as required' medication.
- Accurate records are maintained for ordering, counting, administering and disposal of all medication.
- Clear procedures are in place for dealing with medical emergencies involving supported people.
- Individuals are supported to access advice about their medication if required.
