Version 3.0 - November 2016

RENT CHARGING POLICY

1.0 INTRODUCTION

ARK Housing Association (ARK) provides supported housing for tenants with learning disabilities and those without learning disabilities.

ARK, in charging rents, aims to comply with the requirements of Standard 13 (Value for Money) and Outcomes 14 & 15 (Rents and Service Charges) of the Scottish Social Housing Charter which state respectively:

- Tenants, owners and other customers receive services that provide continually improving value for rent and other charges they pay;
- A balance is struck between the level of services provided, the cost of the services, and how far current and prospective tenants and other customers can afford them;
- Tenants get clear information on how rent and other money is spent, including any details of individual items of expenditure above thresholds agreed between landlords and tenants.

ARK's Rent Charging Policy will ensure that five main aims are met, as follows:

- To ensure that sufficient income is generated to cover the costs associated with developing, managing, maintaining, adapting and improving the stock at the same time as controlling costs and maximising value for money;
- To take account of what current and prospective tenants and other customers are likely to be able to afford;
- To consult tenants about setting rent charges;
- The system we apply will be fair, consistent and easy to understand and will reflect the size and other key criteria of properties;
- To ensure that standards of management and maintenance of the housing stock are of the highest order via effective, efficient, economic and equitable management of housing. Therefore, the system of collection will be efficient, rent arrears will be managed effectively and rent loss from empty homes will be minimised.

Within ARK's stock there are a small number of properties which are classed as exceptions and these are not covered within the rent charging mechanism of this policy. This is discussed in more detail in Section 3.

This policy applies solely to rent charges, as service charges are covered under the <u>HM03 Service Charges Policy</u>.

2.0 RENT CHARGING COSTS

Following a rent restructure exercise in 2013 the rents for each property, with the exceptions of those listed in Section 2.1, are calculated in accordance with a model, the basis of which is as follows:

- A base rent for every property based on the lower weighted quartile average;
- The size of the property based on the square meterage of each property;
- The location of the property and the market rent value based on the figures set by the Scottish Government for the private rented sector;
- Whether the property is a shared property;
- Whether the property is a specialist build which requires a higher build specification i.e. for tenants on the autistic spectrum or tenants with dementia.

Each of the criteria is allocated a value, which is then totalled. This is the basis of the rent value/property. Details of the specific model are contained in **Appendix 1**.

The following property types were excluded from the rent restructuring exercise. A full list of the specific properties within each category is given in **Appendix 2**.

Leased Properties

ARK leases a number of properties from third party landlords, the rents for which are determined by the terms of the lease.

• Ark Services Ltd

There are 63 properties owned by this wholly owned subsidiary, the rents for which were agreed with Aberdeen City Council in two separate agreements further details of which can be found in **Appendix 3**.

· Properties purchased without external funding or subsidy

At times, in order to address particular housing requirements within particular areas, ARK has purchased a property on the open market. Each of these properties had the rent set at the time of completing the business case and, as such, these properties have been excluded from the rent restructure model.

• Registered Care Homes

ARK currently has three registered care homes where a weekly rent is charged per property. This figure was calculated a number of years ago and is dependent on Local Authority funding as agreed with the Commissioning team. Because of restrictions on local authority funding it was agreed that these should be excluded.

• Developments without any subsidy

ARK has a development at Southhouse Broadway in Edinburgh. This was developed without any government subsidy and, as such, the rents were based on the financial model used to calculate development costs.

3.0 ANNUAL REVIEW OF RENT CHARGES

Rent charges will be reviewed annually. Any proposed increase will be considered by the Finance Sub-Committee, normally during the meeting in November, and, thereafter, tenants will be consulted prior to a final decision being made normally, January, each year. All tenants will receive a minimum of 28 days notice of any increase in the rent charge and the change will take effect from 1st April each year.

3.1 Exceptions

The following property types are excluded from the annual increase:

• Leased properties

ARK leases a number of properties from third party landlords. Any annual uplift is determined by the terms of the lease. The landlord should give ARK sufficient notice to allow us to apply the uplift and notify the tenant of any increase.

• Ark Services Ltd

The annual uplift on these properties is based on an agreement with Aberdeen City Council. There are agreements in place for properties at Balnagask and Provost Mitchell Circle. Once the agreements with Aberdeen City Council expire a new annual uplift mechanism may be agreed. Any proposed increase in rent in excess of these formulas shall be by mutual agreement. More details are contained in **Appendix 3**.

Ark Services tenants are given a minimum of 3 months notice of any proposed increase.

ACIL Rentals

ACIL has 14 rooms for student accommodation. This is assessed annually based on the levels of occupancy.

4.0 IMPLEMENTATION AND REVIEW

- 4.1 The Head of Housing Services is responsible for ensuring that this policy is implemented.
- 4.2 The Head of Housing Services will ensure that this policy is reviewed at least every three years by the appropriate Sub-Committee.

Approved by the SLT:

Approved by the Finance Sub-Committee: Review of policy due by: Complies with: January 2014 November 2016 November 2019 SSHC Standard 13 & Outcomes 14 & 15
